**Subject:** RE: Follow-up question on ESDG-maybe we can discuss Thursday at our biweekly

All good observations/questions.

I am hopeful to have a joint meeting/gathering with NCEA in the new year that might address some of these. More when we net speak.

Thank you. Annette.

**Subject:** Follow-up question on ESDG-maybe we can discuss Thursday at our biweekly

One of the things that I've noticed during our webinars is that we've had good turnout, but most of the people who have joined the webinars have gotten the invitations via sharing outside of the ESDG. Our ESDG membership (with the exception of a few of the same people) aren't showing up. I think maybe we should discuss options around that, and next steps as we start FY19...do we want to reignite group membership with fresh members? What should be FY19 goals? Will ORD reorg potentially affect any of this?

If you can... or Topics in each quarter would suffice.

Thanks, Annette.

Do you want the specific dates/titles of the various webinars over the past year?

**Subject:** Help Request with Action Plan

Hi Jennifer,

Can you help with filling in the Quarterly milestones for the EDG? I am working on the Action Plan update.

Activities/Forums	Lead	Long-term Goal	Q1 Milestone	Q2 Milestone	Q3 milestone	Q4 Milestone
ORD Exposure Dialogue Group	Cashdollar, Guiseppe-Elie	Develop ORD community to understand how Exposure is being used by different parts of ORD and leverage activities	Series of webinars on key exposure issues ESDG lunch and get together @RTP cafeteria, Oct. 2017.  Opening ESDG quarterly webinar by Heather Patisaul of NC State Univ. entitled "Using 21 <sup>st</sup> Century Science to Improve Risk-Related Evaluations".	Series of webinars on key exposure issues Quarterly ESDG webinar by Mike Tornero of EPA/ORD entitled "Children's Lead Exposure: A Multimedia Modeling Approach to Guide Public Health Decision-Making".	Series of webinars Quarterly ESDG webinar by numerous EPA scientists on the use of sensors for exposure science measurements. These included the following overview and lightening talk presentations:  Overview: Emily Snyder-HSRP sensor research Ann Grimm-SSWR water sensor research Gail Robarge-AE sensor research  Lightening talks: Ron Williams: "Emerging air quality sensor technologies" Scott Jenkins: "OAQPS' efforts to interpret sensor readings" John Hall: "Using real-time water quality sensors to trigger alarms in response to contamination events within drinking water distribution systems" John Lipscomb: "Determining the health protective capability of analytical detection methods for	Series of webinars Quarterly ESDG webinar by Jennifer Richmond-Bryant of EPA/ORD entitled "Exposure Assessment in the Integrated Science Assessments for Interpreting Epidemiological Results in Causal Determinations" and Stephen Graham of OAR/OAQPS entitled "Inhalation Exposure Modeling for NAAQS/REAs".

				short duration exposures" Joel Allen: "cyanoHAB Monitoring Tools" Bob Thompson: "Indoor Sensors" Jon Sobus: "Non-targeted analysis (NTA) methods for rapid exposure profiling"
